

## Learning Through Adventurous Activities: 75 Lesson Ideas to Engage Boys and Girls

Filesize: 3.8 MB

### **Reviews**

*Complete guideline! Its this kind of good read. It can be writter in easy terms rather than difficult to understand. I am delighted to tell you that here is the very best book i have got go through during my very own lifestyle and might be he greatest ebook for at any time.*

*(Bill Klein)*

## LEARNING THROUGH ADVENTUROUS ACTIVITIES: 75 LESSON IDEAS TO ENGAGE BOYS AND GIRLS

Optimus Publishing, United Kingdom, 1999. Spiral bound. Book Condition: New. 297 x 225 mm. Language: English . Brand New Book. How to use Learning through Adventurous Activities Learning through Adventurous Activities is divided into two main sections: \*Section one: This section looks at research on how children learn and why boys and girls need to be given different opportunities in order to be treated equally. There are full references for the research evidence if you wish to pursue the pedagogical implications of using these activities. Also included in this section is information on leadership in the context of these activities, with detailed advice on planning at a whole-school and class level. Further information on assessment, progression and differentiation ensures that the needs of the individual child are met. \*Section two: The majority of the book is made up of 75 adventurous activities. Each activity has a detailed list of instructions for preparation and materials that you will need to carry out the activity successfully. \*Appendices: There is also a wealth of practical information that will allow you to find all the resources and support you need to make your school an adventurous school. The activities in the book are arranged in themes to help you quickly locate the activities that will fit in with your class work. Each theme section opens with an introduction. There are details of National Curriculum links and general health and safety advice for that section. There are also literacy links. Part of the philosophy of the book is that reading and writing, speaking and listening should emerge from practical and exciting learning experiences. The literacy links show you how to do this. Each individual activity contains the following information: \*Rationale - explains why you might choose to use this activity \*Learning objectives - details what...
