Heinemann USA, United States, 2005. Paperback. Book Condition: New. 226 x 150 mm. Language: English . Brand New Book. Read Kittle s stories of teaching and learning. Then write your own. I plan to. - Tom Romano, author of *Crafting Authentic Voice* For twenty years Penny Kittle has woven together artful teaching and a love of language, celebrating the written word with classes from elementary school through graduate school. Now, she shares the stories of students with whom she s celebrated, struggled, and learned. More than a teaching memoir, *The Greatest Catch* is a close-up look at how to teach powerful lessons and how to learn powerful lessons from teaching - especially from teaching writing. Kittle teaches her students that writing is a tool for developing their intellectual, academic, and emotional selves, and in these essays, she shows how both she and her students lives have been profoundly influenced by writing. You ll look over her shoulder as she tries to win over a mischievous third grader, works with a fifth-grade alcoholic, and attempts to make sense of her profession as she watches secondary students drop out of school. And in each instance, you ll see how writing can provide an outlet for difficult feelings, build connections and community, or foster resiliency in writers of any age. Best of all, *The Greatest Catch* is a model for your own professional development. In addition to her inspirational and pragmatic stories, Kittle includes Craft Notes that demonstrate how she composed her essays so that you can use the same strategies for your classroom life. You ll find these tools immediately useful for structuring reflective writing that helps you uncover the many layers of meaning in your work, just as Kittle, herself, has. Join Penny Kittle in the journey of a teaching lifetime...
